

Change is Good!

Dear Friends and Patients,

October 10, 2022

Change #1

We are very excited to share the news that we will be moving our Thief River Falls office to a new location on **November 1!** Our **new location at 104 2nd Street East** is still downtown Thief River Falls, and located across the alley from the post office.

We will continue to have a spacious and comfortable office in our new location, but we are really excited to have much better parking! Since we purchased Lola's Hearing Aid Center in 2015, we have continued to grow, and want to serve you better!

Change #2

We are also happy to let you know that our company name will change from Lola's Hearing Aid Center to **Northwest Hearing** on **November 1**. As our business has expanded in the region, we feel now is the time to let our name also reflect that expansion.

Northwest Hearing will continue to provide the best care possible. We value you as a patient and hope you will come to our new office for all your hearing and hearing aid needs, or just to say "hello" and check out the new office!

New Thief River Falls Address: 104 2nd Street East Thief River Falls, MN 56701

Phone Number (same as before): 218-681-HEAR(4327)

It has been a pleasure working with you and we look forward to seeing you at our new location. If you have any questions or concerns, please feel free to contact us or drop by the office.

Best Regards,

David Von Holtum, owner
Hearing Instrument Specialist
